AMONG THE PASSENGERS who enjoyed the leisurely cruise aboard the SS Lurline and were greeted upon arrival with the traditional aloha welcome on September 28 in Honolulu Harbor were Mr. and Mrs. H. R. Delahouke of 49 S. Baldwin Ave., Sierra Madre. They will be guests at the White Sands Hotel on Oahu, the Kona Inn on the big island of Hawaii and the Sheraton Maui on Maui, the Kauai Surf on the island of Kauai.

Directions To Wilderness Park

There are several ways to get to Wilderness Park for the Search and Rescue Team exhibition to be held this Sunday at 10 a.m.

The Team will demonstrate one of the more exciting ways, this being the aircraft approach: Jump, free-fall, pull the rip-cord on your chute and land on the X on the park lawn.

If your approach is on foot from the north, lower a rope down the face of the sheer canyon wall and come in hand over hand.

There's also the possibility of borrowing one of the Team's bloodhounds and being dragged in on the end of a leash.

Get there any way you can. It's going to be a great show!

Oh, yes! If you're coming by car, go east on Sierra Madre Blvd. or Grand View and turn left on Santa Anita (Double Drive) and then go north to Elkins Drive and turn right.

Continue east on Elkins to Highland Oaks and turn left. Follow Highland Oaks to the Park entrance where team members and volunteers will advise you where to park. See you there, I hope, I hope, I hope.

Search and Rescue Helps, But Fails To Locate Man

BY BILL WARK

For a second time in a row the silent High Sierras pushed back a valiant attempt by the Sierra Madre Search and Rescue team to find a hunter, missing in the rugged Coyote area west of Bishop.

William F. Marsh of 439 Clarke St., Bishop, was last seen by his hunting partner, Bob Bruce, when he wandered into a fringe of trees near the top of 11,285-foot high Luokout Mountain.

When Marsh failed to return at dusk, Bruce searched for him until darkness fell. "I turned my spotlight on and flashed it about, I hanked the horn and drove about firing my rifle into the air and calling out, but there was no response," Bruce said. "All the fun of the hunt was gone. I knew my partner must be down." Both men had hunted in the area many times before and knew the country well.

Within a few hours the Inyo County Sheriff's Posse, headed by Arden Edwards,

were combing the hills but they found no trace of the missing man. Thursday afternoon Inyo County Sheriff Merrill Curtis called the Sierra Madre Team to assist.

Arriving in Bishop, the Sierra Madreans were met by the members of the Inyo Posse and driven in four-wheel jeeps to base camp in the mountains. Never have they received more cooperation and courtesy than given to them by the possemen. Arden Edwards and Grissel spent each night in base camp with the Team, planning the search and trying to see that no stone was left unturned. The two teams were joined in the morning by the men from the California State Conservation

Stuarts New Owners Of Clardon

Don and Betty Stuart, well known Sierra Madreans, poured themselves a cup of coffee, pulled up the nearest chair, and with a deep sigh, sat down to rest their aching feet after their first day as the new owners and managers of Clardon Delicatessen at 31 N. Baldwin Ave. Although their feet were aching, their hopes, plans and spirits were sky-rocketing.

The Stuarts with their son, Michael, age 12, live on Montecito Ave., and the entire family is Little League minded. Don has been Little League manager; Betty has been in charge of the food booth, and it is rumored that this year she will serve as president of Little League Women's Auxiliary. The man behind the scenes at the recent school election, that fed the information to the News was Don; so this couple takes a real active interest in their community.

In talking with the Stuarts, they revealed plans —Please turn to Page 7

TEAM READY

by BILL WARK

Between High Sierra rescues the Search and Rescue men have been staying up late and burning the candles low to provide educational and entertaining programs for the people of all ages.

Wednesday night at 8 p.m. in the Sierra Madre School, Miner Harkness will give a lecture and show slides of the Team's activities. Harkness took over when Fred La Lone retired in 1963.

Equipment will be displayed and of course those two heart stealers, Henrietta and Hezikiah, the famed sturdy tracking bloodhounds will be on hand.

Thursday, October 14, at 8 p.m. all aspects of mountaineering will be shown in a movie at the local theatre. This should be most interesting, as some sports come and go, but a love of the mountains endures forever.

Friday at 8 p.m. Dr. Gene Mason from Everett, Washington will give a talk at the city school on the Altitude Effects on the Human Body. Dr. Mason is known as the climbing doctor and as a foremost authority on the subject. He will also tell of the Mt. McKinley and Aconcagua expeditions.

The members of the Team appreciate Dr. Mason flying down to aid our team. We hope there will be a good turnout.

Saturday at 11 a.m. shades of Sierra Madre's historical past will be revealed in the foot race to Orchard Camp and back, a distance of about 9 miles. Old timers will recall a part of Sierra Madre's most colorful era, when top runners from all over the country would vie for the honors. Our special thanks to the volunteer trail re-builders and to Clem Crouch, Deputy Forest Supervisor, without whom there could be no races.

On Sunday morning at 11 a.m. in the Arcadia Wilderness Park, every member of the Team will participate in a simulated rescue of a child lost in our foothills. The Los Angeles Sheriff's Department will furnish the helicopter and pilot. It will be clear for all to see what often goes on in our mountains, many times at night. The rescue will end with what every member yearns for, delivering the child safely to her parents.

The demonstration will —Please turn to Page 5

City Wants Action On Tract 27459; Foothill People Insist

The City Council passed Resolutions Tuesday evening, in adjourned session, that gave the Sierra Madre Library Board the "go ahead" in making application to the State

of California in joining with five other cities, and apply for grants under the State Public Library Act, thereby creating a "System" comprised of the five cities to give better selection and service to their readers.

The passing of the resolutions, to form this system was mandatory by the state by October 31, and will secure a grant from the state for the next two years of a total of \$85,856.80 per year. To accumulate this total, each city will be given \$10,000 per year, plus 16 cents per capita. Cities and their population for the five-city system are: Altadena, 41,701; Monrovia 30,100; Pasadena, 123,700; South Pasadena, 21,679 and Sierra Madre, 11,300.

The projected budget as to how this money will be spent for the next two years is set down as follows: Book fund for the system for the first year would be \$35,856.80 and the second year \$43,856.80. Extension of special services such as films, records and pictures for the first year would be \$1,500 and the second year \$10,000. Expenses, which include administration of the system, personnel staff, supplies, equipment and operating expense for the first year would be \$50,000 and the second year \$30,000.

It was the action of the Sierra Madre Library Board to place the stamp of approval on the system, and in recommending same to the City Council made them aware that each city librarian would be a member of the council for decision on book purchase and vendor. The system would be named the San Gabriel Library System, and any city may withdraw from the system upon 60 days written notice to all concerned. Resolutions were adopted, joining the system and appointing Paul Ax, local librarian as a member of the system council.

At the opening of the regular meeting, Mayor Abernethy complimented the work of the Sierra Madre Search and Rescue Team and on behalf of the City of Sierra Madre presented a plaque of recognition of

their services. The plaque was received by Captain Harkness on behalf of the team.

Suffolk Avenue After approximately two hours of discussion and the hearing of all complaints, both oral and written, the City Council passed resolutions overruling all complaints, and further resolutions ordering the work done and the calling of bids for the Suffolk Avenue Extension.

Some eight to ten various resolutions were then read and adopted, clearing the way for the start of construction. The opening of bids was accomplished and it was found that three bidders had made application for the work they being the Sully-Miller Company of Long Beach; F. W. Richter of Sierra Madre and the Griffith Company of Los Angeles.

Blanchard First With The Cash

Roland Blanchard of 153 S. Hermosa is the first one to answer the 1965 call for donations for the Sierra Madre Search and Rescue Team.

Roland knows the good this bunch of great guys does for the people who are caught in the mountainous area without knowledge of a way back home, and he sat right down and made out his check and sent it in to the office of the Sierra Madre News.

Again this year the News will print the names of those who are backing the Team with their nickels, dimes and quarters. The names only will be listed, so here is the way the list looks today: P.S. Dollars, ten spots and century notes too!!!

BUSINESS LEADERS from Los Angeles area business and industry have been visiting local high schools during the past couple of weeks to discuss the 1965-66 Junior Achievement program. Frank Kohler spoke to students in the Pasadena area and among the first students to sign up for the program were (left to right) Mark Spanjian, 2269 Midwick Drive, Altadena; (Mr. Kohler), James Reed, 878 Chapea Road, Pasadena; and Barbara Rush, 401 Churchill Road, Sierra Madre. All are students at Pasadena High School. Junior Achievement is a national, non-profit program sponsored by business and industry to teach young people the workings of the Free Enterprise system. The program gives them an opportunity to gain experience in business by organizing and operating their own business, production, marketing and finance. These young people are given an opportunity to apply actual business conditions what they are learning in school. Plus they gain experience and valuable teaching from the many business executives from leading Los Angeles area business and industry who serve as counsellors. The students from the Pasadena area taking part in the program will meet one night a week at the Junior Achievement Center at 376 West Colorado Boulevard, Pasadena.

Local Girls Register Now For Rose Float Princess

Sierra Madre girls, attention! All girls, 14 through 18, residents of Sierra Madre, are eligible to sign up as a princess candidate for Sierra Madre's entry in the 1966 Pasadena Tournament of Roses.

The princess contest, as usual, will be preceded by the Sierra Madre Rose Float Association's sponsored annual Rose Sale. This is the time of year when a bevy of girls are seen throughout the town, giving a smile and a rose for contributions to this community's volunteer fund raising and float building project.

Excitement mounts as the sale draws to a close, the money is counted and one of the contestants is contacted for being "tops in sales," thus winning a pair of tickets to the Rose Queen Coronation and Ball.

Following the rose sale is the big day when all of the girls who have helped the float effort by selling roses, compete for the honor of being one of the princesses on Sierra Madre's float.

The princess participants chairman, Betty Bortoff, has announced the sign-up day as Saturday, October 16, from 10 a.m. to noon, to be held at the Sierra Madre City Hall Council Chambers.

Betty, assisted by Virginia Nickoloff, Kay Rule and

JIM JACOBS, manager of the Arcadia branch office of Monarch Savings and Loan Association, located at 1111 W. Huntington Drive in the El Rancho Shopping Center, awards first round trip ticket for free air flight to San Diego, Los Vegas, San Francisco or Oakland to winner, Grace Yoshimura of 315 S. Wilson, Pasadena. Award was made recently in connection with Monarch Savings "Fiesta Days Celebration" marking Mexican independence. The event continues through October 15 and the public is invited to join in the open house festivities which include free refreshments, giant full color Mexican travel posters (bullfight, Mexico City, Acapulco), information-packed 72-page guide books, luggage tags, colorful travel brochures, maps and many other educational surprise gifts.

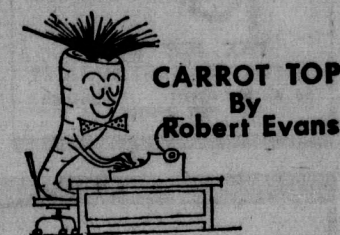

Halloween Activities Announced

The Sierra Madre Parks and Recreation director, Dick Dodge, announced the dates for the city's Halloween activities.

The window painting contest will start on October 29, at 3:30 p.m. and proceed to 6 p.m. and also October 30, from 9 a.m. till noon. The paintings will be judged on Saturday, October 30.

The awards will be given at the conclusion of the Halloween parade. The parade will assemble at Kersting Court, Saturday, October 30 at 6:30 p.m. Judging for costume will take place at that time. The youngsters will then proceed to Sierra Madre school for candy, awards, and cartoons.

Boy, I'm telling you, this Search and Rescue Week, sponsored by your own Sierra Madre Chamber of Commerce, is one of the greatest ideas to hit this town for quite a spell.

—CT—

This week, of course, is dedicated to one of the most outstanding groups of the whole of the United States... a group of men who, by their own desire to "save a life," take their own time and effort, and in many cases money, to train themselves for any emergency they may be called upon to do.

—CT—

So, dedicate this week we do, but more important to those who are planning this week, is the basic reason to instill in the minds of all people far and wide the necessity of FUNDS, money, so to speak, to keep this team in condition to answer the calls that they are trained to execute... Therefore, during this week do everything you can to send into the Chamber of Commerce at 49 S. Baldwin a bit of a contribution... every nickel, dime, quarter or dollar will do its share in helping to bring back "alive" those who call for help.

—CT—

A year or so ago, a drive for funds by the community brought in the very thankful sum of over \$4,000. All of this money was put to work with zealous carefulness, but today the coffers again are showing the strain of worn boots, tattered ropes and broken pick axes... so come on folks... let's do it again... let's get behind the team of men who have dedicated, not only their time, effort, money and their leisure time, but they live if necessary that they may be able to rescue whomever may call for their services, far and wide.

—CT—

I really heard of a good one the other day... seems that in Citrus Heights... wherever that may be in California, they boast of having the only WOMAN Search and Rescue Team in the United States. Now can you imagine being rescued by a woman rescue team? ... what could be more enjoyable?... things like this could cause me to start roaming around the mountain area in the hopes that I might be lost... But putting all joking aside, my admiration goes out to those women, the same as it does to the men... it's hard work, folks, to train for these teams, and you give up a lot of your personal pleasures and time... so while we are dedicating this entire week to our own team... let's pause awhile and give a few minutes of this week in thankfulness for all the teams in the world, who save hundreds of lives each and every year... they appreciate your thoughtfulness... this I am sure.

—CT—

I have always secretly —Please turn to Page 15

Trimming poundage isn't the simplest chore in the world, but much the same effect can be gained by careful attention to dress.

Simple, straight lines that carry the eye up and down, solid colors and avoidance of shiny satins and lame and clinging fabrics, are steps in the right direction. Avoid also, too-tight garments, bulky fabrics and unnecessary frills.

However, don't you dare avoid us if a fresh exciting new permanent is your desire. Our operators are highly trained and patient in their specialty at PETITE BEAUTY SALON, 185 West Sierra Madre Boulevard, Phone: EL 5-8041.

Combined Dessert Business Meeting

The members of the Pasadena Alumnae Association of Kappa Delta will meet Tuesday, Oct. 12, at 7:30 p.m. at the home of Mrs. Robert Stevens, 954 Afton Road, San Marino, for a combined dessert and business meeting. Committee members for this event are Mrs. John E. Stevenson, Alhambra; Mrs. William E. Hendrix, Temple City; Mrs. Donald Schmeideberg, South Pasadena; and Mrs. H. Wesley Wise, Arcadia. This will be Magazine Sales Night, proceeds of which are used for the group's philanthropies.

A Founders' Day ceremony will pay tribute to the founding of Kappa Delta sorority. The 68th anniversary of the sorority will be celebrated by its more than 56,000 members in 103 college chapters and 341 chartered alumnae associations in 50 states.

Door To Door Drive In Progress

Mrs. L. C. Appleford, Sierra Madre campaign chairman, announces final work is in progress for the important aspect of our city's United Crusade Campaign—the door-to-door drive.

United Crusade is the great partnership appeal of United Way and the American Red Cross, making it possible for one donation to support more than 300 volunteer health, counseling, welfare, disaster and youth services.

Mrs. Appleford has designated Oct. 19 as a blitz day for the campaign in Sierra Madre.

Kits have been prepared for each of the volunteers who will canvass the residential area. All section chairmen and their workers are requested to attend a brief but informative meeting at the Sierra Madre School cafeteria on Oct. 14, at 7 p.m. Workers will receive their kits at this time.

Many of the residents here have responded to the letter mailed recently urging a donation, and these people will not be called on during the drive. Mrs. Young, mail campaign chairman, asks more to support United Crusade this easy way and save

a home call. Mr. Paul Carter, co-chairman in charge of the business area, will be soliciting local firms for their support. Twenty-six volunteers will assist Mr. Carter in calling on business people.

Sierra Madre is part of the Foothill Area of the campaign. Foothill campaign leaders and volunteers from Los Angeles County recently attended the kick-off dinner held at the Hollywood Palladium. Robert W. Sar-noff, chairman of the board of NBC, was guest speaker. A host of celebrities, including Andy Williams, Lorne Greene and comedian Don Adams, were on hand to entertain.

Crib Crop

Mr. and Mrs. Robert Lowe of 127-A N. Lima, Sierra Madre, welcomed their first child, a son, born Thursday, Sept. 30, at the Kaiser Foundation Hospital in Los Angeles.

The new arrival weighed in at 7 pounds, 3 ounces and was 19 1/2 inches long. He was given the name Allen Edward.

Equally proud grandparents awaiting little Allen's arrival are Mr. and Mrs. Paul Lowe of West Covina, and Mr. and Mrs. John Kruttsch of Arizona.

Given Honor**

Certificates honoring their
outstanding scholarship in
high school were presented
to 424 entering freshmen
Oct. 12 on the Berkeley cam-
pus of the University of
California.

The students, from high
schools throughout the
state, met with Berkeley
Chancellor Roger W. Heyns
at a reception in their honor
in the Student Union.

To qualify for Honors at
Entrance a student must
have virtually straight A's in
subjects on which college
admission is based.

Students from this area
winning honors included
Kristin S. Brown of 49 W.
Orange Grove.

Shakespeare Club To Hear Talk On Latin America

Members of the Shake-
speare Club will be privi-
leged to hear Dr. Ryland R.
Madison speak on "Opportu-
nity and Danger in Latin
America" Tuesday, Oct. 19,
at 1:30 p.m. in the auditor-
ium of the club. Dr. Mad-
ison, advisor and consultant
for the State Department,
will bring authentic and up-
to-date information on our
Latin American neighbors.
Because of his many assign-
ments to these countries, he
has come to know the people
well and will interpret their
thoughts, feelings and ac-
tions. Dr. Madison will be
presented by Mrs. William E.
Juckett, director of the Cur-
rent Events Department.

Mrs. James C. Chambers,
president, will preside at
the 12 noon luncheon meet-
ing. The invocation will be
given by Dr. Harmon M.
Gehr, minister of Throop
Memorial Church.

Mrs. Harold E. Wiener,
vice president and curator
of departments, will intro-
duce the department direc-
tors: Mrs. Robert Earl Price,
American Home; Mrs. Roy J.
Buchanan, Art; Mrs. Robert
H. Bunker, Arts and Crafts;
Mrs. A. C. Bischof, Bible;
Mrs. William B. Juckett, Cur-
rent Events; Mrs. Frederick
M. Dickey, Drama; Mrs.
Henry David Thoreau, Gar-
den; Mrs. Lucille Reed
Clark, Music; Mrs. Marvin
E. Nesbitt, Philanthropy;
Mrs. Florence L. Swindell,
Poetry and Creative Writing;
Mrs. Alfred C. Alig, Shake-
speare; Mrs. C. Edwin Erkel,
Travel; and Mrs. Bruce A.
MacFarlane, president of
Shakespeare Club Juniors.

Plans for the year will be
announced. Chairmen for
the day include Mrs. H. Ed-
ward Smith, decorations;
Mrs. Harmon T. Frey, din-
ing room hostess, and Mrs.
Lon R. McIntire, press.

Library Board Given

found that the Sully-Miller
Construction Company was
the low bidder on the Street
and Alley Improvements at
a cost of \$20,150.83 and
again were low bidders on
the improvements of the
Parking Lot at a cost of \$4-
827.95. Beautifying the lot
was rejected, as the think-
ing of the Council was that
this could be done at a later
date, the low bid being
\$3600.

In accepting the low bid,
the engineer stated that,
upon legal notification to
the bidders and the posting
of the legal notices that ac-
tual construction would
start within 30 days.

Ordinances

The R.P. R-3 amendment
to the ordinance was given
its first reading, with the
second reading expected on
October 28, and the ordi-
nance requiring soils reports
on all subdivisions was held
over for a conference with
the attorneys for a possible
change. And by recommen-
dation the ordinance deal-
ing with the filling of final
tract map was held over for
more study by the attorney.

Tract 27459

Due to the illness of the
subdividers attorney, G.
Norman Kennedy, and the
absence of City Attorney
Martin, no action was taken
relative to the inadequacies
of the completion of the
tract according to the arbi-
tration agreement.

Attorney Fry, representing
himself and others below
the Tract, called for imme-
diate action, on the grounds
of a "breach of contract."
The Council ordered the Ad-
ministrator to contact At-
torney Martin on his return
to the city Friday morning
for an "immediate correc-
tion of the work to be done"
or seek legal action in the
courts.

Other Business

A hearing on the appeal
of Zechner on front yard set-
back for 333 Grand View
was set for hearing October
26. A hearing for the spread-
ing of assessments for Sewer
District 85 was set for No-
vember 9, and the hearing
on Weed Abatement costs
was also set for November 9.

The Council having ex-
tended its meeting time be-
yond the curfew, authorized
the purchase of a rotary
mower for the parks at a
cost of \$1,040, it being a
budgeted item, and auth-
orized bids for the installa-
tion of the relocation of the
4-inch water line in the
area of Alegria and Sumy-
side.

After completing its
agenda the Council ad-
journed until Tuesday eve-
ning, October 19 for a joint
meeting with the Planning
Commission for a study of
the Hillside Ordinance.
Council adjourned at 11:35.

Search and Rescue

vation Camp in Bishop. But
it proved to be a very dis-
appointing search for every-
one involved. The men
scrambled over the moun-
tains and crawled down
rugged canyons. They found
where two deer had been
taken, but following the
tracks proved fruitless. And
the bright days passed and
the cold nights came and
hopes for finding Marsh
alive were fading.

On Sunday morning many
men from Bishop showed up
to help the searchers, but
they, too, failed. With a na-
tional record of finding 876
persons lost and injured in
the mountains of California,
to fail hurts every member
of the Sierra Madre Team
and they were touched by
the sight of Sheriff Merrill
Curtis, his eyes filled with
concern and silver hair
glistening in the sun. Curtis,
long a favorite of our Team,
knew in his heart he had
done all he could, but hated
to give up the rescue
teams departed.

The Sierra Madreans were
greatly impressed with the
members of the Inyo County
Sheriffs Posse, whose er-
rands of mercy carry them
from the lowest points in
Death Valley to the highest
peaks along the Sierra Crest.
Perhaps someday we will
meet in happier surround-
ings.

Team Ready

end with one of our para-
medics bailing out of an air-
plane high over the Wilder-
ness Park carrying his life
saving equipment.

We hope that all of the
people of Sierra Madre will
not only benefit, but will
enjoy our programs. Every
member of the Team feels
honored that our home town
declared a Search and Res-
cue Week.

Music

The Shakespeare Club
Music Department, Mrs. Lu-
cille Reed Clark, director,
will tour the Music Center
in Los Angeles Friday, Oct.
22. Members leave Strat-
ford House, by bus, at 11
a.m. Luncheon reservations
will be made in the beau-
tiful Pavilion Restaurant. All
club members are invited.
Mrs. A. C. Alig and Mrs.
Carol Kelly are in charge of
arrangements.

SPORTS AS Hank Ives SEES IT

PEERLESS PIGSKIN PROGNOSTICATIONS . . .

ANYONE realize that the football season will be half over after this weekend's clashes? That the NBA gets underway in a couple of days and the Blades will be skating for keeps before you know it?

IN THE PREDICTING DEPT. Old Hankus came up with 15 winners last week giving him a nifty season's record of 54-23-2 for 70 per cent, which ain't too bad for a feller who picked the Dodgers to finish seventh.

TWO OF THE five upset picks were correct, UCLA over Syracuse and Utah State's win over Idaho. Season mark for the "limb crawlers" is 12 wins in 20 picks.

WHAT A BATCH of toughies face and grid guessers this week. Take Harbor and Pasadena, two unbeaten junior college elevens. The Seahawks on a 13-game winning streak and the Lancers vastly improved over recent teams. Stick with the champ and make it HARBOR by 6. They have the advantage of the home lot and the Lancers, though talented, seem to fumble a lot and have costly penalties. Don Hunt's crew should have waxed Compton by 30 points, but settled for 15-6.

PASADENA HIGH by seven over Burroughs. The Bulldogs are small, gritty and oh-so-well coached. We took a tab on Hoover last week and it was 7-0 for the Canines.

MUIR by a 21-20 score over always tough Glendale. The Ponies kicked up their heels and forgot the Centennial loss but will just have to outscore the Dyna-miters.

USC played the perfect game against Washington and will have to keep at a sharp pitch for the unbeaten Stanford Indians who seem to have the knack for pulling games out of the fire in the last seconds. Make it TROY 21-17.

LIMB CRAWLERS . . . MISSOURI to shoot down the "hot" Bruins 17-14 . . . CALIFORNIA, improving, to edge Washington, shot down in flames by the Figueroa Flyers last week . . . MICHIGAN, about due to pull an upset, to nip Purdue 18-17. (We are rooting for the Boilermakers for the Rose Bowl but the hunch is on the Wolverines here)

. . . IOWA to outscore the Gophers of Minnesota . . . FLORIDA STATE to upset unbeaten Georgia . . . The RAMS to bounce back from the Chicago disaster area to whip their northern cousins the Forty-Niners.

WASHINGTON STATE over Arizona . . . OREGON 10-0 over the Air Force . . . OREGON STATE to bruise

Idaho . . . SAN DIEGO STATE to outscore Homer Beatty's L.A. State Diablos.

SYRACUSE to finally explode with Penn State as the victim . . . Stick with unbeaten MICHIGAN STATE as they slip past Ohio State's Buckeyes . . . ALABAMA, always tough, to eke out a win over Tennessee . . . ARKANSAS to edge Texas in a battle of the mighty unbeaten Southwestern Giants . . .

Give LSU the edge over Kentucky but it's strictly a toss-up . . . The CHARGERS, about as sharp as can be, to wallop Boston's Patriots.

LITTLE THIS-N-TAT . . . A sharp, athletic-minded group from the Trinity Presbyterian men's club put Old Hankus on the spot with his predictions at last week's meeting . . . Kansas City's Charley Finley has a point when he advocates at least a couple of world series games be played at night.

Dick Sisler definitely did not deserve to be fired by Cincinnati brass. How could he control a 3-10 year by Jim O'Toole? Reverse it and the Reds win the gravy. WOULDN'T LOCAL Jr. college coaches, Don Hunt and Dave Peterson at Citrus, like to have Monrovia's Fair Hooker in the lineup? He is a starter for the Arizona State Frosh and caught nine passes for 150 yards in their opener. Ex-Muirite Tim Buchanan also plays for the Sun Devils.

WONDER WHAT is behind sprinter Harold Buzby's decision to enroll at Santa Monica City College? The Muir flash is of course ineligible with the Corsairs for any athletic competition.

LOOK ALIKES . . . Tony Oliva and Walt Hazzard. WHEN WILL Herb Hippauf, ex-Pasadenan who led the Texas League in strikeouts, get a shot at a major league job? It must be discouraging for the talented lefty who doesn't even get the proverbial "cup of coffee" with the Milwaukee Braves.

Sierra Madre News adians, our rights of Freedom of the Press and Freedom of Speech and the important role newspapers play in maintaining and defending these precious rights.

This year over 276,000 Kiwanians in more than 5400 clubs throughout the United States and Canada joined in the observance of National Newspaper Week, according to Dr. Kirkpatrick.

An APOTHECARY Weights & Measures

"And now a word from our sponsor"

Sounds kind of familiar doesn't it? Well, this time we really have to be quite a bit more commercial than philosophical or educational because right TODAY (Thursday, October 14th) our semi-annual REXALL ONE CENT SALE starts and will continue for 10 days, that is until Saturday the 23rd of October.

As official host of our Rexall 1c Sale, television's genial DAVE GARROWAY is inviting one and all to come on in to America's greatest savings event. He says, "A penny means a lot to our customers." Our big Rexall 1c Sale is one way we express our appreciation to our customers. During the sale you can buy Rexall toiletries, household products, personal needs — hundreds of useful items for every member of the family. In addition to the many items at the "two for the price of one, plus a penny" Rexall also makes available many Surprise buys which represent big savings.

Come in EARLY while the selections are good, we'll be real happy to see you and serve you.

(Of course — full and complete pharmacy service too, and after hour service when you need it.)

Bible Sermon

Sunday, Oct. 17

What was the meaning of Jesus' suffering and sacrifice? How does it apply to us today? These are the questions to be taken up at Christian Science church services this Sunday. The subject is "Doctrine of Atonement."

A chapter in the Christian Science textbook on "Atonement and Eucharist" will supply several passages for the Lesson-Sermon readings, including this one: "Every pang of repentance and suffering, every effort for reform, every good thought and deed, will help us to understand Jesus' atonement for sin and aid its efficacy; but if the sinner continues to pray and repent, sin and be sorry, he has little part in the atonement — in the at-one-ment with God — for he lacks the practical repentance, which reform the heart and enables man to do the will of wisdom" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 19).

This passage from Philipians (2:12) will be among the many Bible readings: "Wherefore, my beloved, as ye have always obeyed, not as in my presence only, but now much more in my absence, work out your own salvation with fear and trembling."

Stuarts New Owners

for re-decorating, creating a friendly atmosphere where friends and neighbors can meet, chat, and satisfy their hunger pangs with good wholesome food. A fountain is high on the Stuart's list to be added in the near future, which will give full fountain service, all those little goodies, served in old fashion fountain atmosphere. They also plan to keep on serving the high quality food for that breakfast, lunch or snack, and to give their all to catering your banquets or parties. The hour will be the same, from 7:30 a.m. to 6 p.m., so put the Stuarts and the Delicatessen on your list as a must for good food and friendly conversation.

Don disclosed the fact that Betty has inherited the marvelous family trait of good cooking from her mother, Mrs. Margaret Wulfeuhl (a good German name) who was active in managing and owning restaurants in the past, and still makes the best home made pie you ever put in your mouth.

Don and Betty purchased Clardon Delicatessen from Mr. and Mrs. Edward Martin. Regrettably Mr. Martin was told by his physicians that he must go on the inactive list. With regrets he gave up his new found business venture and offers wishes for success to the Stuarts.

Bethany Church News

Bethany Church of Sierra Madre, 93 N. Baldwin will honor the youth of the church in a special service on Sunday evening at 7. The Youth Chapel Choir, under the direction of Bruce Gaston, will sing at the service. Bryan Wilhite, high school youth director has the responsibility of selecting youth participants for the service. Dr. Robert N. Schaper, pastor, will preach a special youth-centered message at the service.

At the 11 a.m. service, Pastor Schaper will preach on "Discipline Is for Sons," continuing his series of messages on the Book of Hebrews.

Six men from the Christian Service Brigade leadership will attend an all-day conference for boys' club leaders at BIOLA College Campus in La Mirada on Saturday, October 16. They include, Arnie Richter, Garry Patefield, Byron Blosser, Ron Groff, Martin Pollock and Bill Arthur.

Nine members of the leadership for Pioneer Girls, clubs at the church will attend a similar conference at Sky Meadows on Friday and Saturday, October 15 and 16. These women are Marcelle Pollock, Lenore Fretwell, June Lloyd, Linda Richter, Helen Obazawa, Helen Haertel, Lois Childers, Mary Ar-

thur and Shirley Packard. A cordial welcome awaits the visitor to any of the church services beginning with Sunday school at 9:30 a.m. Bethany Church is an independent congregation, affiliated only with the 10 million member National Association of Evangelicals. Dr. Schaper, who is now in his 12th year as pastor of the church welcomes the visitor to the services.

Dr. Barnhart Announces Sunday Services

"Your Unfolding Life" is the expression of your immortality and a part of the unbroken continuity of the individual soul, forever unfolding on the Infinite Pathway of Life. This will be the subject of the lesson-sermon of Dr. Ethel Barnhart at The Santa Anita Church, 226 W. Colorado Blvd., Arcadia at 9 and 11 a.m. Sunday morning, October 17. The public is invited. Infant and child care is provided at both services.

All youth are welcome at the graded classes in spiritual education for youth from kindergarten through high school conducted at 9 a.m. An important part of this activity is worship with the parents in the sanctuary the first 15 minutes of the Family Worship Service at 9 o'clock.

Dr. Barnhart says: "A new power to meet everyday livingness accrues to the individual who enters into the classes in Spiritual Truth and Practice of the power for man hidden in the pages of the Bible. These classes are open to the public and are still open for enrollment. Call 446-8206 for further information."

October 23 at 1 p.m. the ladies of the church are sponsoring a luncheon of interest to all civic minded women. The speaker will be Mrs. Valley Knudsen and her topic is "Los Angeles Beautiful — What It Is and What It Does." This is an exciting story of a great idea carried out by a woman of vision and courage. The public is invited. Please call the church, 446-8206 for reservations.

Dr. Barnhart invites: "If we may pray with you and for you call 447-6162 day or night."

Faith Lutheran Extends Welcome To All Unchurched

A Christian invitation is extended by the church board of elders to all unchurched residents of the community to attend the 10:30 Sunday morning worship hour at Faith Lutheran Church, 845 Hastings Ranch Drive.

In this service, the Rev. Armin Hesse will continue his series of pulpit messages on the First Epistle of Peter, speaking on "A Pattern for Wives, For Husbands, For All!" The fellowship coffee period in the patio area will follow the service.

Offering study classes for all from age 4 up, the Sunday school and Bible departments will meet at 9:15 a.m. The Midweek Bible Hour will be conducted on Wednesday evening, 7:30 p.m., and will center on "The Life and Ministry of the Apostle Paul."

The members of the congregation have been invited to attend the public dedicatory service of the University Lutheran Chapel and Student Center at UCLA on Sunday afternoon at 4. The new multi-level structure, representing a cost of more than \$350,000, is located at 10915 Strathmore Drive, immediately west of the UCLA campus in Westwood. Planned and erected by the Lutheran Church-Missouri Synod, "the worship and fellowship center indicates the interest of the churchbody in the college youth," according to Rev. Hesse. Last May 30, the churchbody dedicated the University Lutheran Chapel at USC, located at 3440 S. Figueroa Street in Los Angeles.

Valley Chapter Project Hope Gets Underway

A meeting to organize the Pasadena area Chapter of the West Coast Committee for Project Hope took place recently at the home of Mrs. Charles D. Allis of Winston Ave., San Marino. Plans were discussed for ways of providing financial aid for the work of the hospital ship Hope.

The chapter members will also supply speakers and educational material about the work of Project Hope to interested clubs and groups. The ship is at present being outfitted on the East Coast since returning from a very successful visit to Guinea, West Africa.

At the meeting Dr. Ervin Nichols of Pasadena spoke interestingly on his work as obstetrician on two rotations on the ship in Peru and Guinea.

Next January the S.S. Hope will anchor in the harbor of Corinto Nicaragua to bring the most advanced methods of therapy and surgery to the people and physicians of that country. A number of physicians and dentists from this area will volunteer for rotation on the ship this year.

The following officers for the Pasadena Area Chapter are president, Mrs. Charles D. Allis, San Marino; vice president, Mrs. Merle E. Minks, San Marino; corresponding secretary, Mrs. H. Warner Griggs, Altadena; recording secretary, Mrs. Dickinson Barker, San Marino; treasurer, Mrs. Thomas B. Jones, Arcadia; chairman ways and means committee, Mrs. William Hezlep III, Arcadia, and press correspondent, Mrs. Charles M. Woodward.

All women interested in this patriotic and charitable venture are urged to attend the next meeting when Mr. Charles Stevenson of the Project Hope office in Los Angeles will show the dramatic color, and sound movie on Hope in Peru. The gathering will be held at the home of Mrs. Robert L. Yorke, 1332 Waverly Dr., San Marino.

Motor Vehicle Registrations
The number of motor vehicles registered in California in 1964 increased by seven per cent over the previous year. The 1964 figure came close to 11 million.

Whew! Am I glad the baseball season is all over. It is going to take me a year to recover from the nervous side effects I have acquired during the last three weeks. I seem to have a raw throat, a few extra ticks I didn't used to have, and all in all I'm just plain tucked out. Guess this old body is just getting too doggone stiff and creaky to keep up the pace.

Tain't so bad playin' the game, hittin' and battin' and slidin' into bases, chewing out the umpire. It's all those peanuts and pop corn, and hot dogs that made a real mess of me. If I don't go into spring training I'm going to be the fattest bench player in the stands when the season opens again. Either that or I am going to take up some inactive sport like watching old movies on television. To the showers!

The Kinneloa Canyon Club had a meeting last week at the home of Mrs. Bud (Carol) Tufeld to hold their annual election of officers. The co-hostess was Mrs. Robert (Lois) Madison. They served coffee and tea with exquisite little pastries to tickle the pallets of the members.

The new officers for the year will be Mrs. Brewster (Carol) Benedict. She replaces Mrs. Howard (Barbara) Cary. The positions held by Mrs. Patrick (Jody) DeCarolis will now be filled by two girls, Mrs. A. C. (Sarah) Gillain will be treasurer and Mrs. Harry (Nancy) Higley will be corresponding secretary and assist Carol on the planning of programs.

They have already made plans for the November 2 meeting that will be held at the home of Mrs. R. J. (Marjorie) Swain. They will have a pre-Christmas showing of the newest in the holiday pretties from the Christmas Shop in La Canada. It's a meeting I'm sure you won't want to miss.

Mr. and Mrs. Dean Clary had the pleasure of surprising Mr. and Mrs. John H. Clary, Dean's parents, on the occasion of their fortieth anniversary. The senior Clarys make their home in season at Pasadena, Palm Springs, and Costa Mesa. In as much as it was their "ruby" anniversary the guests all gave the honorees a full set of lovely cranberry glass dessert service.

The flowers were arranged in an old fashioned cranberry glass vase. They used garnet roses with white glads and mums. For refreshments they served cranberry sherbet with wedding cake on the gift service.

Those partaking in the party were the three Clary children, Deborah, Michael, and Stephen, Mr. and Mrs. Bruce Campbell, Mrs. Dorothy Metcalf, Mrs. Ann White, Miss Rhue Matteson, Mr. Ray Goodrich, Mr. Cliff Matteson, Mr. and Mrs. Fred Cantrell, Miss Thelma Enlow, Mrs. Richard Enlow, Mr. and Mrs. John Fabrian, and Mrs. Clarence Falstrom.

Mr. and Mrs. Bud Tufeld were also among the local hosts last Saturday evening. They had a dinner party that included Mr. and Mrs. Josh Pais, Mr. and Mrs. Ronald Willens, and Mr. and Mrs. Philip Schneiderman. The Tufelds have only been there since last March but they are already making great strides in becoming an important part of the Canyon community life.

John and Aleene Hedrick of Villa Mesa had a mixer dinner party recently to introduce some of the new and old neighbors to each other. Believe me there are no two people better equipped to make one feel welcome than the Hedricks.

The new couples were Henry and Harriet Smither, Walt and Jo Junak, and Margaret and George Watt. They were introduced to Phil and Leslie Shepherd, Warren and Nita Bacon, Ken and Peg Christianson, and Wally and Bobby Jones.

The engagement of Miss Gayle Eileen Stranding to Gabriel A. Gutierrez was announced on September 18, by the bride-elect's parents, Mrs. Rose Mary Stranding of San Jose and Mr. W. O. Stranding of Campbell, Calif. The announcement was made in the home of the bride-to-be with both families present.

The bride-elect graduated from the O'Conner School of Nursing at the University of California.

Republican Women's Club Hear Speaker

Suzanne Vance, author of the book "Youth On a Pendulum" will be the speaker at the next meeting of the East Pasadena-Sierra Madre Republican Women's Club. This meeting will take place October 14 at 9:45 a.m. at the Eldorado Inn.

Mrs. Vance will tell of her purpose in writing the book, which deals with the varying concepts learned in schools by teenagers on the subjects of communism, conservatism, the Supreme Court and the United Nations.

Mrs. R. R. Dewees, president, invites all interested women to attend this meeting. Reservations may be made for the meeting and luncheon by calling Mrs. Richard Holman, 355-2368 or Mrs. Charles Sietz, 355-9933.

Canada Enters Tournament Of Roses, Floats & Bands

Dramatic emphasis will be given to the theme of the 77th annual Tournament of Roses, "It's a Small World," with the three-fold participation in Pasadena's New Year's Day festivities by Canada's Province of British Columbia, Tournament President J. Randolph Richards announced today.

Giving his enthusiastic authorization and endorsement for this entrance of a float, an equestrian unit and band in the 1966 Rose Parade was the Honorable W. A. C. Bennett, premier of the Province of British Columbia, who will lead a delegation to the city of roses and will be one of the many notables to witness the spectacle.

Highlighting the representation from the scenic Canadian province will be an honor guard of the famous Royal Canadian Mounted Police. The Mounties, who have become legend in the annals of Canada's history, will be wearing their traditional red tunics as they sit astride their famed midnight black RCMP musical ride horses.

Another outstanding feature will be the appearance of the Vancouver Junior Band, winner of many awards in the USA and Canada, serving as British Columbia's musical ambassadors of good will. The 130 members of the colorful unit will be wearing burnt orange, ebony black and gold-braided outfits styled exactly to the Beefeater uniforms originating during the reign of Henry VII and still worn by the Tower of Job Training For Youths.

E. A. Wright, manager of the Pasadena office of the Department of Employment announced today that the Neighborhood Youth Corps has jobs available for out of school youth between the ages of 16 and 21. These openings include jobs in the following occupations: Social welfare, structural crafts, personal services, clerical, child care, printing, animal care and gardening.

This work offers a subsistence allowance to enable the trainees to resume their education, in the case of the "drop out" or to higher education for the high school graduate.

The work-training offered is based on a 20 hour week at a rate of \$1.27 per hour and to last for a period not to exceed six months.

The Neighborhood Youth Corps program is provided for by a grant from the Labor Department under Title IB of the Economic Act of 1964.

Wright said that all interested youths should apply at the Department office located at 1207 E. Green Street in Pasadena.

Mills College Club Meets Tues.

Mrs. Ruth Meyer will be the guest speaker at the Pasadena Mills College Club meeting Tuesday, October 19, 10:30 a.m. at the home of Mrs. Charles A. Rook III, 1334 Oak Grove, San Marino.

Mrs. Meyer, a Mills College alumnae, will speak on "What's Old Is New," an illustrated talk on the history and new trends in dinnerware. She and her husband have worked with porcelain and other ware both in Europe and in the Orient. Mrs. Gerald Frey of Pasadena will hostess the meeting, assisted by Mrs. E. Tyler Miller of Altadena.

ADD TO YOUR SET AS THE NEED ARISES . . . You can add additional lights, more cable, the mushroom shaped path light and the automatic timer to all sets, regardless of which set you buy.

Place the STARBRITE lamps wherever you like along the NO-SHOCK cable. Simple patented clamp makes it a snap to connect or disconnect. Only a screwdriver is needed to install the entire system. Cable can be safely on the ground or buried without conduit.

The weatherproof STARBRITE Transformer changes ordinary 110 volt house current to a low "child-safe" 12 volts. (Absolutely shock-proof). You could even hold the bare wires without a tingle! Safe around children and pets. Completely UL approved, this entire system operates at less cost than just one old-fashioned floodlight.

STARBRITE Sealed-Beam Lights. Pre-focused. 6 inch diameter Weatherproof; made of "Cycloc." Each light comes with a ground stake for positioning in the ground around shrubs or on lawns and with a mounting bracket for fence, wall or tree mounting.

STARBRITE low-voltage outdoor lights are complete systems. Nothing else to buy! The large lamps come in rustproof housings, with unbreakable lenses to color the light. Also included are brackets to mount the lamps on fences and walls, and spikes to install the lights in garden soil if you prefer.

49 Students Honored With Letters of Commendation

Forty-nine students at John Muir and Pasadena High Schools have been honored with Letters of Commendation for their high performance on the National Merit Scholarship Qualifying Test given last spring.

They are among 38,000 students across the nation recognized for scoring in the top two per cent of students who will complete high school in 1966. The commended students rank just below the 14,000 semi-finalists announced last month, of whom 16 were from Pasadena's public high schools.

The 25 commended students from John Muir are Jo Ann Adams, Kenneth Barnett, Walter Bond, Elinor Dibble, Douglas Fairbairn, Bruce Hansen, Catherine Hart, Jean Herrick, Greg Highkin, Susan Hopkins, John Hugg, Janey Ishida,

Family Service Consolidation Announced

Family Service of Pasadena and Altadena Family Service have joined together to form the Foothill Family Service, it was announced this week by Donald W. Hamblin and Mrs. Henry A. Culbertson, presidents of the two agency boards.

Hamblin will serve as president of the new Foothill Family Service agency and will head up the 26-member board of directors composed of leaders from all communities served.

Mrs. Culbertson will continue to serve as president of the Altadena Family Service board of directors which will remain as a separate organization for the purpose of administering certain financial accounts and retaining jurisdiction over two programs that were unique with that agency—the Financial Assistance and Child Placement programs. The Altadena board also will elect representative to the Foothill Family Service board each year.

The primary area served by this agency includes the communities of Altadena, Pasadena, South Pasadena, La Canada, San Marino, Temple City, Arcadia, Monrovia, Sierra Madre and Residents of other United Way areas also may be served depending on special circumstances and availability of staff time.

Foothill Family Service, a family counseling agency, is an accredited member of the Family Service Association of America and a member agency of United Way receiving support from the United Crusade.

Carol Joyce, Jonathan Katz, Joyce Kurashita, Mauri Laitinen, Donald Marshall, Victor Okumoto, Nicholas Randall, Lawrence Stevens, Robert Walker, Robert P. Ward, Elizabeth Wolf, Mike Yagake, and Margaret Yale.

Pasadena High students who were commended include Karol L. Beilstein, Peter M. Bergren, Barbara L. Billingsley, Cynthia M. Campbell, Susan B. Chorpenn, Denise E. Cox, Ann B. Curl, David M. Curley, Carr Edmunds, Mark J. Farbstien, Henry Fuchs, John L. Haynie, Betty S. Jelen, Michael R. Jones, Mary L. Landes, Nancy C. Messinger, George H. Mills, Ronald L. Morton, James E. Nickoloff, Glenn E. Rockland, Benjamin L. Rode, John A. Saurenman, Marianna Stapel, and Nickolas M. Waser.

Window Painting Judges Known

The judges have been chosen for the Sierra Madre Halloween Window Painting Contest. It was announced today by Phyllis Bennet, chairman; and Dick Dodge, director of Parks and Recreation.

The judges will be Mrs. Mary Wallace, William Wilson, and William Hibbard. Mrs. Wallace teaches at the Creative Arts Group. She is a graduate of Cal Berkeley with a secondary credential in art. She teaches children's art and enjoys doing and teaching mosaics. Mr. Wilson is the Associate Art Editor for the Los Angeles Times and is a critic for Art Forum Magazine. He teaches art history for UCLA extension and drawing and painting at Metropolitan Jr. College in Venice. Mr. Hibbard is the president of the Pasadena Art Associates and is a painter of abstract landscapes in oils and water color. His paintings won 1st purchase at the Pasadena Art Fair. He is presently showing with Milford Zarnes at the Art Cellar in Claremont.

The judging will take place October 30, in the early afternoon after completion of paintings by the Sierra Madre youngsters. The youngsters will paint from 3:30 to 6 on Friday, October 29, and 9 to noon, Saturday, October 30. For further information, call 355-7135.

Altadena Federal Earnings Set At 4.85 Per Cent

A quarterly earnings distribution at the annual rate of 4.85 per cent for the period ending September 30, has been announced by Altadena Federal Savings and Loan Association. In making the announcement, D. W. Church, president of the Association, declared: "Through this our 78th consecutive earnings distribution since we began operation in 1934, we once again are demonstrating the innate stability and growth not only of our institution, but the community as a whole. It is also to be noted that such earnings distributions uninterrupted over the years, contribute a constant flow of funds into the business body of the area, stimulating financial activity at many levels."

Mr. Church also emphasized that the Association's current annual rate of 4.85 per cent, compounded as it does quarterly, in effect earns 4.94 per cent on savings held for a full year, a return which is as high or higher than that earned in most other investment areas. He also noted that this high earnings return generally has the advantage of greater security and stability, through long-term integrity of management and the insurance of savings by a permanent agency of the United States Government.

The head office of Altadena Federal Savings is located at 2246 N. Lake Ave., Altadena. The association also maintains regional offices at 1845 E. Washington Blvd., Pasadena, and 17053 E. 17th St., Santa Ana.

10,000 REASONS WHY...

There are 10,000 reasons why you should be on your guard for "bad" sore throats. They are the 10,000 children who contract Rheumatic Fever every year. If someone in your family gets a serious throat infection, make sure he is examined by your family doctor. If diagnosed in time, your doctor can usually cure this strep infection with antibiotics before it can cause heart damage. If your doctor prescribes for you, rely on us to fill your prescription accurately and promptly.

4.6% Just What Is An "Annual Rate"?

Percentages can be confusing—whether they represent interest (in state-chartered, individually owned associations) or dividends (in Federally-chartered, mutually owned associations).

Our current "annual rate" is 4.85%. But let's translate that into dollars and cents.

Suppose you open an account at Pasadena Federal sometime in the first 10 days of any quarter with \$1,000. Suppose you add nothing to it ☹ but also withdraw nothing ☺. In 3 months you would earn one full quarter's dividends, or \$12.10. In 6 months dividends would be \$12.30 for a total of \$1,024.40, in 9 months \$1,036.80. And if you let earnings compound for the entire year, you would have \$1,049.40 in your account. Which actually makes your "annual rate" 4.94%.

The important rate is the "RATE" at which you save.

(Very important too is the conservative management and insured safety that protect your principal and assure your earnings. You feel secure here, with good reason!)

Jr. Auxiliary Plans 10th Annual Benefit Ball

The Board of the Junior Auxiliary of the Arcadia Methodist Hospital met on Wednesday, October 6, to discuss final plans for their tenth annual benefit Harvest Ball. Linda Paulson is president.

The "Candy-Strippers" hold two fund raising benefits each year; the Harvest Ball and a Spring Fashion Tea. Since their organization in 1956 the volunteer group composed of sophomore, junior and senior high school girls has donated a total of \$3239.10 to the hospital for the purchase of various machines and equipment.

Tickets for the semi-formal ball, which will be held on Saturday, November 13, at the Stuart Building in Pasadena, will go on sale on October 20 and may be purchased from any Junior Auxiliary member or by telephoning 446-5375 or 446-4441. The girl who sells the most tickets will be crowned "Harvest Ball Queen" at the ball by Mr. Walter Hoefflin, Jr., hospital administrator.

Colesie Jones is the benefit chairman assisted by Pam Mallory, refreshments; Carol Kessinger, decorations, and Chelle Boyce, publicity. Mrs. Dennis Gilchrist is Junior Auxiliary co-ordinator.

Public Debate Law Enforcement, Civil Liberties

James Bale, Chief of Sierra Madre Police, will share the platform with Sam Rosenwein of the American Civil Liberties Union. They will discuss the effects upon local law enforcement brought about by recent Supreme Court decision in the area of civil liberties.

The program will begin at 8 p.m., Oct. 18, at the Sierra Madre Community Nursery School, 701 E. Sierra Madre Blvd.

The public is invited to participate in lively discussion of the important relationship between law and law enforcement.

Chief Bale, after long experience as an officer, is very familiar with the problems of preserving public order. Mr. Rosenwein, member of the U.S. Supreme Court Bar, is concerned with the structure of American law and individual freedoms. Both men are looking forward to the discussion with enthusiasm, as is the Sierra Madre Democratic Club, which is sponsoring the program as a public service.

Road Accidents

Road accidents in the United States claim between 40,000 and 50,000 lives each year. At the same time more than 100,000 persons are maimed for life and another four million injured.

PEPTONE

by Deedee & Alice

How many boys these days have that perpetual dream of being discovered as a fabulous new singing sensation? Most of them obviously never make it, but fortunately a few have been discovered in a period of what may seem like overnight. Tom Jones is one of these great new stars, although I doubt that he would ever claim that it happened in one night.

Born in Glamorgan, South Wales, on June 7, 1940, Thomas Jones Woodward went through many disillusionments and quite a few years to achieve "overnight" success. He left school when he was 15 in order to go to work and earn some money, which he considered more important than being bored in a classroom all day. His jobs were small and insignificant, but he sang while he worked, and at 16 he learned to play the guitar, and then began to perform at local events. Soon thereafter he formed a group of his own. When he reached the ripe old age of 20, he decided that discovery wasn't just going to happen, so he headed for London.

Still, even after he cut several demos, there were many advertisers he had to face. So Tom would return to his home and work for a little more money, and then come back to London again and lose it somehow. He kept on in this way for four years until he finally got the real break he needed and truly deserved.

How this break came about is a unique story in itself. A songwriter-singer from London just happened to be on holiday in South Wales, where he walked into a club one night and saw Tom in action. He realized at once that Tom had something with real potential. A while after he approached Tom to talk business, the young London agent became his manager, and together they returned to London.

When they reached the city they were delightfully surprised to find a deejay had given Decca Records one of Tom's demos and that Decca was waiting to sign him up. The first single apparently didn't have what it takes to be a chart-topper, so Tom proceeded with "It's Not Unusual," which became an immediate success. After that it was "What's New, Pussycat?"—and a brand new door was opened up at last for the young Welsh boy whose dream of discovery really did come true.

Egyptian Exhibit Now At Sierra Madre Library

Some of the tangles of Egypt's ancient land may be seen at the Sierra Madre Library now on display. From the two beautiful watercolors to the last shelf, one partakes of a feast of Egyptian objects.

The artist of the two watercolors is Kamel Ghandar, a nephew of the exhibitor's host, Dr. and Madam Ghandar in her recent trip to Port Said.

Mrs. Jerry Fairchild, of Altadena has recently returned from her second trip to Egypt. Kamel Ghandar is a well known artist in Port Said. Mrs. Fairchild collected many of the displayed articles while visiting her son, Captain Robert Gillette, United States Navy, who was at his post, as Naval Attache, during the Suez crisis.

The one painting, "Cathedral Marie Du Monde on the 23rd of July Street" has special significance for Mrs. Fairchild. It was there that her grandchild was christened. The other painting, "Sultan Hussein Street" portrays a street along the canal with the canal building, the police building, horse drawn garry — a usual mode of transportation in the City of Port Said.

The richness of the arts of Egypt shine through the magnificent work of the brass tray inlaid with silver and copper with Arabic writing, the copper plate

inlaid with silver with an Egyptian proverb on contentment; the copper coffee pot inlaid with copper and silver; the two black plates with an Egyptian King, done by a noted artist, Zoheir.

From the collection of an aunt of King Farouk, Princess Shewikar, one may see an exquisite rose colored crystal covered lemonade glass. Draped are brilliant brocades of silk, hand-woven. In hand-tooled leather there are cushion cover and wallets; the gem, Alexandrite, mounted in 22 carat gold.

In old Cairo there is a place called "Mousky Bazaar," where one finds shops of all kinds, and the photograph of the man, ironing is a revealing custom of ancient times still being maintained. The bazaar is also called, "Khan Khalili." One may step down from street level into a cavernous shop where the most beautiful of things are fashioned.

One of the fascinating customs is represented by the display of the early 18th Century "Koran." It was written by the poor Moutafa Wahbi. The Islamic year is 1226. Traditionally, a boy under guidance at ten years of age begins to become perfect in memory and penmanship. Usually by the age of 40 he is given permission to write a Koran. A man normally completes seven or eight Koran in a lifetime. One person usually writes, while another decorates the Koran; in reading one begins at the back reading toward the front.

Two very practical pieces are shown; the black tooled camel leather bag, and the "ookahl," which holds the shawl worn by men to keep the desert wind from carrying off the head piece.

A very treasured item is shown from the Mohammed Ali Palace — a square of intricate ivory and wood panelling. It is from the early Islamic period and before the Tutun period. These ancient pieces were collected, put on wood and then used to panel rooms of the Palace. These panels were from a period preceding the Arabian invasion of Egypt. The modern boxes shown are copied from this period.

In a small space of glass shelves one maybe transported through beauty and interest to Egypt.

FLOURNOY REPORT

Faced with a flat "either-or alternative," the legislature has reconvened to try to work out redistricting plans for both the Assembly and the Senate.

The alternative: "Either" the legislature comes up with plans which meet the State Supreme Court's population requirements by Dec. 9, "or" the court-proposed reapportionment plans go into effect for the 1966 elections.

The application of this deadline to both houses and the finality of the alternative may greatly increase the chances that this time the legislature will succeed. In the first place, each house is in a position to veto the plans of the other. If the Assembly drastically revises the Senate's plans for Senate redistricting, the Senate can retaliate in kind. This mutual veto should restrain both houses from unduly tampering with the plans for the other.

Secondly, the Republicans, armed with the potential of a referendum (the delay from which would automatically result in the implementation of the court's plan) are in a position to prevent outlandish partisan gerrymandering.

While the present Republican incumbents (31) will probably not be hurt unless the population discrepancies make it unavoidable, it is certain that the Democratic majority in the Assembly will make every effort to insure "41 for '71"—to guarantee a majority (41) of Democrats for the 1971 session when the next census will require the job to be done all over again. Since some attrition has set in since 1961 with Republican gains in 1964, the major Democratic objective will be to shore up those incumbents whose districts appear in danger.

As to the Senate, its closed door meetings preclude any inkling of its plans; but one way or another, its districts as well as the Assembly's will be equal in population for the 1966 elections.

Editorially Speaking...

Fire, Not Freedom?

Responsible people the nation over recognize the need for sincere and significant action to bring to the Negroes and other underprivileged persons not only the right but the actuality of education, employment, property, freedom of movement, and the full responsibilities of citizenship.

Their sincerity, however, is too often tested by the inflammatory demands of certain among the so-called Negro leadership. Just recently Los Angeles City Councilman Billy G. Mills warned members of the Democratic State Central Committee that "Watts was but a cinder from a much bigger fire."

"The time has now come," he said, "when the Negroes will take no more, and those of us who are not handicapped by the sophistication of education, employment, property and self control are going to strike back physically, until some changes are effected and some of the injustices are corrected."

This remarkable declaration puts Mr. Mills in the forefront of the militants who seem to seek revenge rather than regeneration, opposition rather than opportunity, fire, not freedom. Few people could take seriously President Johnson's optimistic claim that the civil rights and voting laws had removed the last obstacles to Negro freedom; no laws except those of the soul will do that. But only within the framework of justice can the freedom of all peoples be achieved.

The Billy Millises of the world can only slow that achievement.

UC's Danger

Starting what Californians and much of the academic world hope will be a healthy new school year, the University of California at Berkeley faces one real and present danger: the non-patriots among its faculty, its student body, and its ever present non-student camp followers.

October 15-16 is the V-Day period. Vietnam Day. That is when those faculty members who have sold their academic heritage for a mess of despotage, and the students who turn educational liberty into ideological license, will stage their teach-in protest against their nation's foreign policy, and will attempt boastfully illegal obstruction of supplies for our forces.

A measure of the disgust in which these boastful, anarchistic headline hunters are held is the letter of condemnation signed by some 100 members of the faculty, most of whom also disagree with the Administration's Vietnam policy, but who have retained their sense of decency and their respect for the institution of learning to which they have dedicated themselves, and for the orderly democratic processes by which we must all live.

The state and the nation wait to see how the university administration conducts itself in this pitiful crisis. The opportunity is there to restore an image shattered last fall.

17 Years Late

When the United Nations Security Council voted unanimously — with Russia in unaccustomed accord with the United States — to order a cease fire in Kashmir, it raised the question, where has the UN been the past 17 years?

It was that long ago that India and Pakistan agreed to a plebiscite to decide who should rule Kashmir. As such things so often go in international agreements, however, nothing was done; except that the United States found itself giving aid to both sides and now is in the silly position of arming two of its "friends" and at the same time telling them not to use the arsenals on each other.

The world will hope that the cease fire produces a peaceful solution to the old Kashmir problem. It could well wish also that in the future the UN will be intelligent enough to lend its weight to peaceful solutions before hot wars start, rather than leaping into the frying pan to unscramble the ominous omelet.

Explanation Due

A San Diego Superior Court judge has leveled some charges at the State Welfare Department which indicate a need for a convincing departmental rebuttal or an investigation of its practices.

Ordering a longtime welfare recipient to repay during a five-year probationary period, more than \$1,000 she had been convicted of receiving illegally from state welfare funds. Judge John A. Hewicker warned her against making the repayment out of future welfare funds, on threat of revocation of probation and substitution of a prison term.

He said he understands that the Department has a policy of increasing recipients' aid to meet any restitution ordered by courts in welfare fraud cases.

In other words, the judge pointed out, the state is paying the restitution itself.

Judge Hewicker further took a very dim view of the Welfare Department's overruling of local welfare officials that the woman did not deserve the questioned payments because she was in fact living in a spouseslike relationship with a man not her husband. She is the mother of seven children, three of them illegitimate. Said the judge, the Welfare Department may condone illicit relations, but "I will not do so."

Neither, we suspect, will most taxpayers, if only for fiscal reasons.

Exactly 5,881 voters in Sierra Madre will be entitled to vote in the Presidential, Congressional and Assembly election on Tuesday, Nov. 8.

Of the 5,881 registrants, 3,629 are Republicans and 2,037 Democrats.

Mrs. Mary Davidson Caley of 235 Ramona celebrated her 99th birthday last Thursday. Mrs. Caley is the oldest living charter member of Sierra Madre Woman's Club and Sierra Madre Congregational Church. She is the mother of Mrs. Hilda C. Noble and Mrs. Maybelle C. Barker.

The naming of Ralph R. Rule and Manuel de la Torre as co-chairmen of the 1961 Rose Float Committee and the generosity of the City Council in making \$1,500 available toward the project, spells excellent success for this civic adventure.

On Oct. 16 there will be over 10,000 preacherless pulpits in America. Happily, there is no cause for alarm, for it will be Laymen's Sunday in the Methodist Church, and the laymen are "taking over" the regular church services.

Word from Washington that Sierra Madre is on the list for a new \$85,000 post office building will be received with enthusiasm by our citizens and Postmaster Tom Durning.

The Rt. Rev. W. Bertrand Stevens, D.D., Bishop of the Episcopal Diocese of Los Angeles, will institute the Rev. Harley G. Smith Jr. as rector of the Church of the Ascension, Baldwin Ave. at Laurel, Wednesday evening, Oct. 24, at 7:30 o'clock.

An evening of fun is forecast for Wednesday, Oct. 31, when the PTA will hold a Halloween party at the Grammar school from 5 until 9 p.m.

Sierra Madre's observance of Fire Prevention Week consisted of fire drills conducted by the Volunteer Fire Department at both the grammar and parochial schools. The 385 students of the grammar school were cleared out of all buildings in 55 seconds.

Residents of Arcadia, who for some time past have been living in a "reign of darkness" due to municipal economies in street lighting, this week were benefiting by a City Council order to turn on all city lights at night.

CARROT TOP

wanted my three girls to look up to me, and the other day I found a sure way to accomplish the trick... just walk into the room where they are watching television and turn it off.

Here are a few more of the zany laws of our country: ... in Kansas, for instance, an old law states that one must not eat snakes on Sunday, or rattlesnake meat in public. In Houston, Texas, the law stipulates that you cannot buy rye bread, goose liver or limburger cheese on Sunday, and if you do, you cannot take it out of the store.

A Denver, Colorado, law forbids the serving of food in a room which is used for any other purpose, while in Evansville, Indiana, it is against the law to sell hamburgers on Sunday; and in a nearby Iowa town it is illegal to serve food in pool rooms or barber shops, and in Des Moines there is a regulation which forbids restaurants to have booths or partitions... Seems to me that lawmakers were quite disturbed in early years... each to his own.

At this writing, we have moved into our new home on Camillo, this having been accomplished Thursday, October 7... just a little over six months from the start of building... that will be the longest 120 days of my life, but the results were well worth the wait...

Anyway, in closing the column for this week, I give you the following bit of advice... "If the human race wishes to have a prolonged and indefinite period of material prosperity, they have only got to behave in a peaceful and helpful way toward one another, and science will do for them all they wish and more than they can dream..."

... withhold no sacrifice, grudge no toil, seek no sorrow, gain, fear no foe. All will be well" ... I hope, I hope, I hope.

Health Insurance Discussed

Social Security District To Be Open Wed. Evenings

The social security district office in Pasadena will remain open from 5:30 to 8:30 o'clock each Wednesday evening for the next several months, for the added convenience

of residents of the area, Joe W. Tarbox, social security district manager, said today. These evening hours are in addition to the regular 8:30 a.m. to 4:30 p.m. schedule of office hours, Monday through Friday.

Tarbox pointed out that it is important for many people to get in touch with the district office to take advantage of the health insurance and other provisions of the 1965 amendments to the social security program. Although most people are able to visit the office during the day, many find it impossible to do so because of employment or home responsibilities.

The three major groups of people who should get in touch with the social security office are the following, Tarbox said:

1. People who are now 65 or older but who are not entitled to social security benefits. Some of these people are eligible for benefits but have not applied for them because they are still working full time. Tarbox emphasized that it is desirable for these people to apply now to establish their social security benefit rights and to qualify for the hospital insurance protection that begins in July 1966. He emphasized that no one can lose by applying for benefits as soon as he reaches 65 (those who retire between 62 and 65 may receive cash benefits but in a permanently reduced amount. They are not eligible for hospital insurance until they reach 65).

2. Widows 60 or 61 years of age who under the old law would have been eligible for widows' benefits at age 62. They may now apply for social security benefits as early as age 60 if they wish to accept a permanently reduced amount.

3. Unmarried students 18 to 22 years of age whose social security benefits have been stopped and students who receive social security benefits and are nearing age 18, and who plan to continue in school. Upon application, monthly benefits can be paid back to January 1965 to unmarried students who were under 22 in January, 1965 and who were dropped from the social security rolls when they reached 18.

The Pasadena social security office is at 740 E. Washington Blvd. The telephone number is 798-8971.

Security First Shows Gains

Security First National Bank's resources, loans and deposits were at all-time highs as of September 30, Lloyd L. Austin, chairman of the board, said recently in reporting the bank's performance for the first nine months.

Resources totaled \$4,782,107,297, an increase of \$239,722,434 since a year ago, according to Austin. Loans, less reserves, rose to \$2,616,402,192, an increase of \$373,441,547 over a year ago, while deposits were up to \$4,335,019,745, a growth of \$185,371,365 over this time last year.

Austin pointed out that net operating earnings were still less than the comparable 1964 record levels due to increased interest rates paid on savings deposits. Nine months earnings totaled \$22,243,249, or \$1.95 per share on the 11,400,000 shares outstanding. This was 5.8 per cent less than the \$2.07 per share for the same 1964 period, after adjusting for a 5-for-4 stock split and 20 per cent stock dividend.

Other balances from the bank's September 30, 1965 report include: Total capital funds were \$319,499,681, compared with \$309,429,939 at September 30, 1964. Total securities were \$1,328,117,114, as against \$1,426,126,194 in 1964. Time deposits were \$2,268,806,085, compared with \$2,013,298,674 a year ago, and demand deposits \$2,066,213,660, as against \$2,136,349,706 at the same date a year ago.

Beware of Santa Ana Winds Now Due

Ranger Joseph H. Harn of the Arroyo Seco District of the Angeles National Forest, warns that the time of year is approaching when we can again expect Santa Ana Winds; this is the name of the north to northeast winds that plague Southern California through fall and winter seasons and, occasionally, in spring. If you are a newcomer to this particular area, you might not realize that on some occasions these winds have been clocked up to 104 miles per hour, and that 60-70 miles per hour winds are somewhat common.

In addition to the velocities of these winds, the seasons are characterized by extremely low humidities. All plant life dries out with the result that fires start very easily and are extremely difficult to extinguish. In fact many of our catastrophic fires (Bel Air, Burbank, and Coyote fires), were extinguished only after the Santa Ana conditions had subsided.

Harn asks all to double check their homes to see if all hazard reduction jobs (i.e. brush and grass cleared from around all structures), have been accomplished so that your home can be protected if and when a fire does occur.

Annual Breakfast Of Hastings Ass'n

The Upper Hastings Ranch Association will hold its annual breakfast at Gwynn's Restaurant, Magnolia House, on October 30. The 1966 board of directors will be elected, and there will be discussion concerning the upcoming holiday decoration contest.

Honorary Mayor Renolds Cairncross will preside over the business meeting. Floyd O. Gwynn, mayor and chairman of the board of directors of the City of Pasadena, will be the principal speaker. For additional information or reservations, call EL 5-3714.

Last Rites For A. N. Taylor

Arthur Newberry Taylor, formerly of Sierra Madre passed away October 4. A native of New York he had been a resident of California since 1945 and had been a long standing member of the Equinox Country Club of Manchester, Vt., La Canada Country Club and Altadena Country Club and was a veteran of two world wars.

He is survived by his wife, Ruth Hyde Taylor, four daughters, Mrs. Keith R. Harmon, Mrs. Alan Hurwitz, Miss Ann Karen Hyde and Miss Jane Evelyn Hyde; two grandchildren, Victoria Margaret Harmon and Alan Taylor Hurwitz.

Private services were held Wednesday with entombment in Mountain View Mausoleum, Altadena.

Children should be seen and not hurt. Defensive driving will always pay.
